CHICAGO STRIKE SPREADS

Coal Teamsters Join in Strike and
Elevators in Skyscrapers May
Have to Close Down.

FEDERAL OFFICIALS SERVING PAPERS

More Than 100 Violators of Judge Kohl-
sark's Injunction Summoned to Appear
in Court Friday—Many New Concerns
Affected by Late Developments—Brutality
by Strikers Continues.

Chicago, May 4.—Enlarged proportions were given the teamsters' strike Wednesday from both sides of the huge struggle. Contrary to expectation, the employees were the first to take aggressive action. All the teamsters of the Crerar-Clinch company, which has coal contracts with many office buildings, went on strike. The company had ordered a load of coal delivered to Carson, Pirie, Scott & Co., a large mercantile firm which has been involved in the strike complications for some time past. The first teamsters ordered to make a delivery to the involved firm was discharged for refusing to deliver the coal. All other teamsters employed by the Crerar-Clinch company immediately struck.

It was said the effect of the new spread of the strike might leave many of the tallest office buildings without fuel to run elevators.

More than 100 subpoenas were placed in the hands of United States deputy marshals to be served on violators of the federal court injunctions issued in

connection with the strike. Men taken into custody are to be cited to appear before Master in Chancery Sherman Friday. Counsel for the Employers' association will use evidence obtained at the hearing to urge wholesale indictments. Among witnesses said to have already given evidence against alleged violators are a number of managers of business houses and heads of express companies.

Among the buildings and firms with which the Crerar-Clinch company had contracts are: Board of Trade, Corn Exchange, Traders, Lexington Hotel, Rookery, Rialto, Marshall Field & Co., Bartholomae, Roesing Brewing Co., Bartholomae-Leicht Brewing company.

Other concerns affected by Wednesday's spread of the strike are the American Cutlery Co., the Ritchie Paper Box Co., and the Samuel Cupples Woodenware Co. In each case teamsters were ordered to deliver to one or more of the boycotted houses and struck when men were discharged for refusing.

Brutality in the strike Wednesday began with a fight and panic in a crowded street car. Two men, who, it is said, were mistaken for strike-breakers, were assaulted and so severely beaten that they were taken to the county hospital. The affair occurred on a Twenty-sixth street car at Twenty-sixth street and Stewart avenue. When the fight began the passengers, panic-stricken, fled from the car. One of the men hurt was Edward Boswell, a colored medical student.

Nearly 300 negro strike-breakers refused to work when police came to the non-unionists headquarters to accompany them to the yards of the Employers' Teaming company. The negroes declined to leave the building alleging that they had been

brought to Chicago under false pretenses. "We are not going to work as teamsters for \$2.50 a day and take our lives in our hands," several of the negroes said. "We want to go back to St. Louis." Sixty others said they were willing to go to work. Most of the negroes who struck participated in Tuesday's rioting.

The first shooting Wednesday occurred at Franklin and Madison streets. A caravan manned by colored drivers and guards was attacked by a big crowd. The negroes opened fire at once. Harry Williams and Fred Smith, white men seated on a wagon, loaded with paper, at the entrance to an alley, narrowly escaped death. A bullet passed through Williams' coat and another through Smith's hat. After the shooting the caravan proceeded on its stormy route.

While driving a wagon loaded with coal from the Edwin F. Daniels coal company, at Franklin and Madison streets, Joseph Scott, a non-union colored teamster, was shot in the right shoulder. Notwithstanding his wound street conditions were obviously too dangerous for Scott to leave his wagon until he had reached the Randolph street viaduct, nearly a mile from where he was shot. The negro was then taken to a police station where his injuries were dressed.

Two hundred non-union colored men arrived in a body from St. Louis to take the place of striking teamsters. A guard of 30 policemen met the negroes at the train and accompanied the new strike-breakers to a lodging house in State street.

Pierce rioting attended a caravan of coal wagons sent out by the Employers' Teaming company from a stable in Armour avenue. The trouble started in Franklin street, near Harrison. Walter Schultz, a strike sympathizer, hoisted the non-union drivers and was promptly knocked down and badly beaten by two colored guards. The negroes with their heavy hickory canes hammered him almost into insensibility but were in turn obliged to fight their way for a mile through crowds of white drivers and sympathizers. Volleys of stones were thrown and many of the colored men riding in the wagons were injured. At Madison street

the story to the effect that four Chicago men of large means have been in consultation with union officials and have offered to establish a co-operative cartage company, the stock of which would be offered to union teamsters. This plan, it is held, would minimize the probability of strikes and protect the general industrial and commercial life of Chicago.

Mayor Dunne has issued a proclamation to Chief of Police O'Neill to see that a week from Wednesday all the streets to be traversed by President Roosevelt during his visit as Chicago's guest shall be kept clear of the traffic and of strikers and independent workers. The mayor is determined that no form of violence shall mar the president's visit here.

Secretary Job of the Chicago Employers' association announced Wednesday afternoon that a representative of the association was on the way to Springfield to ask Gov. Deneen to order out state troops at Chicago.

SPEAR GETS SEVEN YEARS.

Cashier of the Oberlin, O. Bank Pleading
Guilty to Making False Entries in
His Books

Cleveland, O., May 4.—A. B. Spear, cashier of the closed Citizen's bank of Oberlin, in the United States district court entered a plea of guilty to one count of the indictment, charging him with making false entries in the bank's books. District Attorney Sullivan recommended that all other indictments against Spear, containing 15 counts, be nolleed. Judge Taylor at once sentenced Spear to seven years' imprisonment in the Ohio penitentiary.

State Senators in Topeka.

Topeka, May 4.—Senator Samuel Porter, Senator W. S. McPatrick and Senator Fred Diment Smith are all in Topeka for the purpose of conferring with attorney General Coleman about the state oil refinery litigation and will probably assist General Coleman in the trial of this case. Both sides of the controversy have agreed on a June hearing and the case has been advanced. An agreed statement of facts is being filed up.

GETTING A BAD REPUTATION.

(By McCutcheon, in Chicago Daily Tribune.)

a big jam of teams effectually stopped the caravan and for ten minutes a battle raged at the corner. The colored men in the wagons drew revolvers and fired a dozen shots. Police finally broke the blockade of teams and enabled the caravan with the strike-breakers egress east in Madison street. The fighting occurred in Madison street all the way to Michigan avenue. Near the Montgomery, Ward & Co. store the crowd gathered where an old building is being torn down and pelted the non-union drivers with bricks and other missiles. The strike-breakers again fired. Walter Martin who was in the crowd, received a wound in the leg. Two of the non-union drivers were arrested charged with the shooting. George Wright, one of the non-union teamsters, was struck by a stone and his right ear half cut off. The caravan eventually reached its destination, the yards of the Daniels Coal company at Randolph street viaduct.

Has \$1,000,000 been offered to found a co-operative cartage company? is a question which was discussed by some of the labor union officials Wednesday

STATE OF OKLAHOMA

Senator Beverage Writes of Single Statehood Outlook.

Oklahoma City, Ok., May 4.—

Hon. C. M. Jones, chairman of the Single Statehood Executive Committee, announced Wednesday that the railroad had made a one-fare rate to Oklahoma City for the single statehood convention, July 12, and the indications pointed to the largest statehood gathering in the history of Oklahoma. Mr. Jones has received a letter from Senator Beveridge, in which he said:

"I am in receipt of your letter inviting me to be present at the joint statehood convention to be held in Oklahoma City July 12. I should like to meet face-to-face the representatives of the splendid people who have developed these rich Territories and who are soon to be the first citizens of one of the grandest of American Commonwealths, the splendid new State of Oklahoma. For it will be one of the grandest of American States—grand in its noble dimensions, grand in the superb character of its people, grand in the unsurpassed richness of its resources, grand in the eminent place it will instantly take in the statehood of the Union, grand in the certainty of a glorious future. Since I became chairman of the Committee on Territories I have given the subject my most serious consideration. The result of this study was the conviction that the original boundaries of Oklahoma and Indian Territory should be restored and that these sundered parts, reunited, should be brought into the Union as one commonwealth. The committee of which I have the honor to be chairman has fought for this ideal through two Congresses. At first the proposition was not received with any enthusiasm.

"But, as always is the case with all true and just ideas, the proposition of single statehood for the two Territories has grown until an overwhelming majority of both branches of the American Congress now favor it. This ideal which is that of the people of Oklahoma and Indian Territory, and for which our committee has steadily battled for three years, will become a reality at the coming session of Congress."

PATTERSON CASE TO JURY

Charge of Recorder Goff to the Jury Seemed to Favor Neither Side.

FIRST BALLOT 9 TO 3 FOR ACQUITTAL

The Judge Said the Testimony of Julia Smith, Sister of the Defendant, Might be Disregarded if the Jury so Desired. Declared Claims of Attorneys Were Not to be Regarded as Evidence.

New York, May 4.—When Warden Flynn of the Tombs went to Miss Patterson's cell to tell her that the jury had gone to luncheon, he told her that the first ballot taken by them had been nine to three in her favor.

At four o'clock Miss Patterson said she had been much encouraged by the recorder's charge and that she regarded the delay as favorable to her. She was sure she said that she would be acquitted.

New York, May 4.—Nan Patterson left her cell in the Tombs for the court of general sessions Wednesday to witness the last scenes of her trial on a charge of killing Caesar Young. As Assistant District Attorney Rand had finished his argument as prosecutor Tuesday and the defense had already spoken its final word, only the charge of Recorder Goff to the jury remained before the case went to the jury for a verdict. Warden Flynn of the Tombs prison said Wednesday that she was a wonderfully composed girl.

In beginning his charge to the jury Recorder Goff said: "This case has nothing extraordinary in it. So far as the testimony goes, two persons most spoken of during the entire proceedings, the deceased, a man by the name of Young, a race track man, had this defendant to live with him as his mistress. The man's death, because of the personality of this man Young, had nothing in it to excite your passions or your prejudices. He was a mere gambler, a race track man. Therefore, you should be able to consider the facts

calmly without prejudice and passion. "There is no artificial atmosphere for you to be excited or distracted by. You must decide the circumstances without any thought of the atmosphere, calmly and with a quiet mind.

Before giving the case to the jury Recorder Goff ruled on the request to charge interposed in Miss Patterson's behalf. He refused to submit one of the requests saying it would be a direction to the jury to acquit the defendant. He told the jury, however, that they might disregard the testimony of Julia Smith if they thought it right to do so. He also refused to charge requests concerning Pawnbroker Stern and the failure of the defense to call John Morgan Smith. He said that claims on either side were not to be considered as evidence.

After going over the requests one by one, Recorder Goff told the jury it was not necessary that there should be direct and positive evidence as to everything and it was sufficient that the facts be proven.

"If you believe that it was a physical impossibility so far as the nature of the wound is concerned, for Young to have shot himself, then that is a fact," said he. "But you must remember that one inference can not be proven by another inference. If you believe the defendant fired the shot without deliberation or intent to kill but in a moment of passion, then you may find her guilty of one of the other degrees of manslaughter. In reaching your conclusion you must not be swayed by sympathy or other influences."

When the Patterson jury left the court room they did not go to luncheon but went directly to the jury room to begin deliberations.

Following the retiring of the jury the prisoner was taken back to her cell in the Tombs. The girl met her father at the Tombs and embraced him. She did not appear exceedingly nervous and looked as if she was relieved after so many days of nervous strain. The Patterson jury went to lunch at 2:30. It was not known at that time whether a verdict had been agreed upon.

May 4 was observed throughout France as Labor Day. Very little disorder was reported.

SMILEY GOES TO JAIL.

Secretary of Kansas Grain Dealers' Association Begins His 90-day Sentence at Leavenworth.

Topeka, Kan., May 4.—E. J. Smiley, secretary of the Kansas Grain Dealers' association, was Wednesday placed in jail at Leavenworth, Kan., to serve a 90-day sentence of the United States supreme court for the violation of the anti-trust law. This case is a noted one, and has been fought through all of the courts to the highest tribunal in the last four years. This is the first instance of a member of a "trust" being sent to jail in Kansas.

Coming for Defendant. San Francisco, May 4.—Detective E. J. Wren left Wednesday for Sacramento where he will secure requisition papers for the extradition of E. J. Smiley, the defaulting tax collector of this city now under arrest at St. Louis. When provided with the necessary papers he will proceed on his trip to St. Louis and bring the prisoner back here.

Cashier Goff Caught. Milwaukee, May 4.—Henry G. Goff, the former assistant cashier of the First National bank of this city, was arrested in Chicago Wednesday. This is the information given out by the police authorities in Milwaukee.

Race Horses Burn to Death. Marysville, Kan., May 4.—The Blue Valley Jockey barn and city hall burned early Wednesday morning. A string of noted race horses were in the barn at the time of the fire and they all perished with the exception of one. Among the animals lost was Scraps, a noted pacer. The records in the city clerk's office were saved. The loss is about \$30,000 and partly covered by insurance.

An English Coxey's Army. London, May 4.—A miniature Coxey army is forming among the striking army boot workers in Northamptonshire. It is proposed to march on the war office in London and lay the men's grievances in regard to pay, etc., before the officials. A band of music has been engaged to accompany the strikers, whose march probably will occupy a week.

THE CALB POWERS CASE.

Accused Kentuckian Asks That His Case Be Transferred to the United States Court.

PETITION BASED ON 14TH AMENDMENT.

Had Been Convicted of Murder in First Degree at Three Former Trials, the Verdicts of All Three of Which Have Been Reversed—Has Lawyers of National Reputation.

Georgetown, Ky., May 4.—With two life sentences reversed, and after having been under shadow of the death penalty for more than a year before that verdict also was reversed, Calb Powers, accused of conspiracy before the fact to murder William Goebel, Wednesday made application to the Scott county circuit court to have his case transferred to the United States district court for the eastern district of Kentucky. The petition marked another sudden change of far-reaching importance in the most dramatic trial in the history of American jurisprudence. Coincident with the filing of the petition was the appearance of former Govs. Richard Yates, of Illinois and Frank S. Black, of New York as counsel for Powers.

Powers based his petition for a transfer of his case to the federal court on the claim that he had been denied and is being denied equal protection of the laws as guaranteed by the 14th amendment of the constitution of the United States and that by the workings of the state courts of Kentucky in his case that portion of the 14th amendment prohibiting any state from depriving any person of life, liberty or property without due process of law has been violated. In support of this claim two main points are cited. First, that the courts refused to recognize a pardon issued in legal form by the then legally constituted governor of Kentucky; second, that in all three of his trials before the Scott circuit court the juries have been solidly packed with Goebel democrats, the political opponents of the defendant and that under the Kentucky code this selection of democratic juries is permissible.

CAUSED BY SPECULATION.

Another Banker Wrecks His Institution by Entering in Futures.

Jefferson City, Mo., May 4.—Secretary of State Swanger received intelligence from his bank examiners, now at Waverly, Mo., that the shortage of the defaulting cashier of the Middle town bank at that place will aggregate \$50,000.

In proportion to the amount invested, this is one of the worst bank failures in the history of the state, the capital stock being only \$15,000. The last report showed that the bank had a surplus of \$10,000, and undivided profits to the extent of \$6,000.

The attorney general has been notified to wind up the affairs of the bank.

Smith Will Get \$100,000.

Topeka, Kan., May 4.—Frank R. Smith, the long-lost relative of Mrs. Charles Fair, killed in an automobile accident in France, has left for Newmarket, N. J., in company with his attorney to establish his identity. He is entitled to about \$100,000 from his mother's estate, which she secured as her share of the property of her daughter, Mrs. Fair.

May Election White Sets.

Topeka, May 4.—Gov. Hoch has stated that he had made up his mind in regard to the. Sell case and as soon as he got a few additional papers would announce his decision. "I could do so Wednesday," the governor said, "but it would hardly be courteous." It is almost the unanimous opinion here that the governor will turn Sell loose.
